PLOUGHING MATCH with COUNTRY MARKET
SUNDAY 4th OCTOBER 2020
Stoke Row nr Wallingford
(By kind permission of Martin Bullock).

TRADE STAND APPLICATION FORM

This event, run by the same organisation that stages the Henley Farm & Country Show, is becoming increasingly popular. In addition to the Ploughing competitions for both tractors and heavy horses, there are numerous other attractions - including Trade and Craft Stands, Poultry Auction, Companion Dog Show, Ferret racing, Trailer Rides, Refreshments and a Licensed Bar.

In the event of muddy conditions, we will as usual make every effort to tow vehicles off the site.

H & DAA requires that exhibitors arrange their own insurance cover in respect of third-party liability, employee liability and any marquees, tents and equipment and stock they have on their stand. Please send a copy of this documentation with your application.

Exhibitors should make their own arrangements for electric power and drinking water. Any generators must be adequately soundproofed. The H & DAA prefer diesel generators to be used as the fire risk is lower. We reserve the right to refuse to allow the use of any equipment that is deemed to be untested, unsafe or too noisy. Generators and all electrical equipment on site may be inspected. All portable electrical appliances must be PAT tested and be marked or have labels attached with a current test date and testers signature.

Please ensure that you answer the questions regarding equipment and stand details on the application form & send in the documents required with this application.

Please read the Association's health and safety policy, a copy of which can be found on our web site - www.thehenleyshow.co.uk

**GENERATORS WILL ONLY BE PERMITTED ON DESIGNATED SITES
AND MAY BE INSPECTED BY EVENT HEALTH & SAFETY**
